

4 Simple Steps to Get Rezdiffra™ (resmetirom)

Now that you have been prescribed Rezdiffra, let's review how you'll receive your medicine.

Your prescriber will send your prescription to a specialty pharmacy

- Rezdiffra is available through a limited network of specialty pharmacies

A specialty pharmacy is different from your local retail pharmacy.

- A specialty pharmacy coordinates the delivery of medicine to your home
- Your insurance may determine which specialty pharmacy can fill your prescription
- You can contact your prescriber's office to find out which specialty pharmacy is filling your prescription

The specialty pharmacy will confirm insurance coverage and out-of-pocket cost

- Your insurance company may require your doctor to provide medical documents for your medication coverage. **This is called Prior Authorization (PA), which could take a few days to weeks**

- The specialty pharmacy will work with your doctor and your insurance company to complete the PA

Whether you have commercial insurance, Medicare/Medicaid, or are uninsured, Madrigal Patient Support and your specialty pharmacy can help you find the most affordable way to get Rezdiffra.

- If you have commercial insurance, you may be able to pay as little as a \$10 copay*

The specialty pharmacy will CALL YOU to schedule your Rezdiffra shipment

- Once your insurance company authorizes the approval, the specialty pharmacy will call you to coordinate shipment of your medicine to your home
- Be sure to watch for the call from the specialty pharmacy to confirm your shipping address; it may come from a number you do not recognize
- Return any calls from your specialty pharmacy so they can schedule shipment of your Rezdiffra

When it's time for a refill, the specialty pharmacy will CALL YOU

- It's important to answer the call from the specialty pharmacy

One of these 7 specialty pharmacies will call you

Specialty Pharmacies	
AcariaHealth	800-511-5144
