SUPPORT

Rezdifra®
resmetirom tablets
60mg · 80mg · 100mg

Your medication journey, step by step

If you're enrolled in Madrigal Patient Support®, a dedicated Patient Access Manager helps with each step and answers questions along the way.

STEP 1

Prescription sent

Your doctor or Madrigal Patient Support sends your Rezdifra prescription to a specialty pharmacy, which can ship your medication directly to your home. Your Patient Access Manager can help you know what to expect next.

STEP 2

Cost & coverage verified

Your insurance may require your doctor to request approval (called prior authorization) before you start treatment. Once approved, your specialty pharmacy will provide your estimated out-of-pocket cost. A Patient Access Manager can help you explore financial support options.

STEP 3

Delivery scheduled

Your specialty pharmacy or Madrigal Patient Support will call you to set up delivery of your medication. Make sure your shipping address is correct. Your Patient Access Manager can help clarify next steps for delivery.

Most patients typically receive their medication within 30 days.

STEP 4

Refills & ongoing support

When it's time for a refill, you'll get a call from your specialty pharmacy or Madrigal Patient Support. Be sure to answer. Your Patient Access Manager remains available to help answer questions as you continue treatment and prepare for refills.

Copay Savings Program

If you have commercial insurance, you may be able to pay as little as \$0 a month[†] with the Copay Savings Card.

Scan the QR code for details and eligibility criteria

[†]Eligibility rules apply. Offer not valid for patients enrolled in Medicare, Medicaid, or other federal or state healthcare programs. For program terms, conditions, and eligibility criteria, visit copay-terms.rezdifra.com.
